

# DOWN The BARREL

Otter Valley Rod and Gun News Letter March 2026

Spring was in the air for a few days , I am sure it will return shortly and with it busier days around the club .

Some important dates came out of last weeks Directors meeting and I want to share those with you :

On Saturday April 25 the annual kids fishing derby will be held at Otter Valley , as always it is free for all children 15 and under , watch the website for all the details .

**Annual Range Clean up** , we are planning a work day on Saturday April 11 starting at 8AM . We really need volunteers to come out and lend a hand with maintenance of the ranges and clean up of the grounds , as always if you have cordless drivers bring them along . Rakes , shovels , pruners . Anything that might come in handy . If you don't have any tools but want to help we can definitely find jobs you can assist with .

It is imperative that we get volunteers as this helps us to avoid hiring outside contractors for basic maintenance and therefore we are able to keep our annual dues down so that every one can afford to join our club .

Just a reminder that if you are leaving the club and are the last person there please be sure to close range signs and lock the gate . We don't want non-members driving in unsupervised .

As always we require co chairs and volunteers in all segments of the club , if you want to get more involved please contact a director from the segment you are passionate about or come out to a meeting , second Wednesday every month at 7:30 PM at the Otter Valley club house .

Thank you for choosing Otter Valley and happy shooting
